---

## PROFESSIONAL SUMMARY

Senior Backend Engineer with 5 years of experience designing and scaling distributed APIs, microservices, and high-performance database architectures using Python, FastAPI, and MySQL.

## EDUCATION

Master of Science in Computer Science — University of Texas at Austin (2020)

## CORE TECHNICAL SKILLS

- Languages & Frameworks: Python, FastAPI, SQLAlchemy, Django, REST API
- Databases & Caching: MySQL, PostgreSQL, Redis, Database Optimization
- DevOps & Infrastructure: Docker, Kubernetes, Linux, Git, CI/CD

## PROFESSIONAL EXPERIENCE

- Senior Backend Developer at CloudTech Solutions (2021 - Present, 5 years total experience)
- Architected asynchronous REST APIs in FastAPI handling 20M+ monthly database queries to MySQL.
- Containerized 14 microservices using Docker and automated CI/CD pipelines.
- Optimized SQL query performance and connection pooling, reducing p99 latency by 42%.

## KEY PROJECTS

- Distributed Async Queue Engine built with FastAPI, Redis, and MySQL
- Automated DB Migration & Health Monitoring System using SQLAlchemy

## CERTIFICATIONS

AWS Certified Solutions Architect — Associate (2023)
